

Introducing the New Blom-Singer® Tracheoesophageal Dilator-Sizer

A design that makes sense!

Why utilize two separate instruments to dilate and measure the tracheoesophageal puncture tract?

The new Blom-Singer Dilator-Sizer combines two crucial tasks into one innovative product. Now, in one step you can dilate and measure the tracheoesophageal passage during voice prostheses placement procedures.

Available only to clinicians.

Available in both
18 Fr. and 22 Fr. diameters.

18 FR. DIAMETER	22 FR. DIAMETER
BE2051	BE2052
